

CATÁLOGO DE PRODUCTOS
OJARA 2025

A row of shirts hanging on a rack in a store. The shirts are in various colors including white, green, yellow, and blue. The rack is made of metal hangers. The text 'NOS ENGANCHAMOS A LA CALIDAD' is overlaid in white, bold, sans-serif font. A red horizontal line is positioned under the word 'ENGANCHAMOS'.

NOS ENGANCHAMOS
A LA CALIDAD

En Ojara, reconocemos la importancia de la economía circular como un enfoque fundamental en nuestra operación. Nos comprometemos a cerrar el ciclo de vida de nuestros productos, desde su diseño hasta su disposición final, minimizando el desperdicio y maximizando el valor de los recursos. Adoptamos prácticas que fomentan la reutilización, el reciclaje y la remanufactura, asegurando que nuestros productos y materiales mantengan su utilidad y valor a lo largo del tiempo. Al priorizar la economía circular, no solo reducimos nuestro impacto ambiental, sino que también impulsamos la innovación, la eficiencia y la resiliencia en nuestra cadena de suministro y más allá.

A close-up, shallow depth-of-field photograph of a clothing store's denim section. A row of blue denim jeans is hanging on silver metal hangers. The focus is sharp on the jeans in the middle ground, while the foreground and background are blurred. The lighting is warm and slightly dim, creating a moody atmosphere. Overlaid in the center of the image is the word "INFERIOR" in a bold, white, sans-serif font. A thin red horizontal line underlines the text.

CAJA PLEGABLE 10K

50.5CM

30.3CM

Caja organizadora, multiusos y plegable ideal para el empaque y transporte de alimentos, bodegaje y almacenamiento de todo tipo de elementos. También para organizar y economizar espacio en apilamiento vertical, transportar, distribuir y manipular mercancías o productos varios en el hogar.

RECUPERAMOS gran cantidad de los ganchos que comercializamos. Muchos retornan a nuestras instalaciones para ser seleccionados cuidadosamente para ser distribuidos nuevamente en el mercado a un precio más económico.

REPARAMOS con tecnología avanzada todo lo posible antes de descartar. Nuestros productos son reparados para minimizar residuos.

REDISTRIBUIMOS productos usados que recogemos, los seleccionamos y vendemos a menor precio.

RECICLAMOS todos nuestros productos y luego de cumplir el ciclo de usabilidad retornan a nuestras instalaciones para volver a convertirse en un producto totalmente renovado.

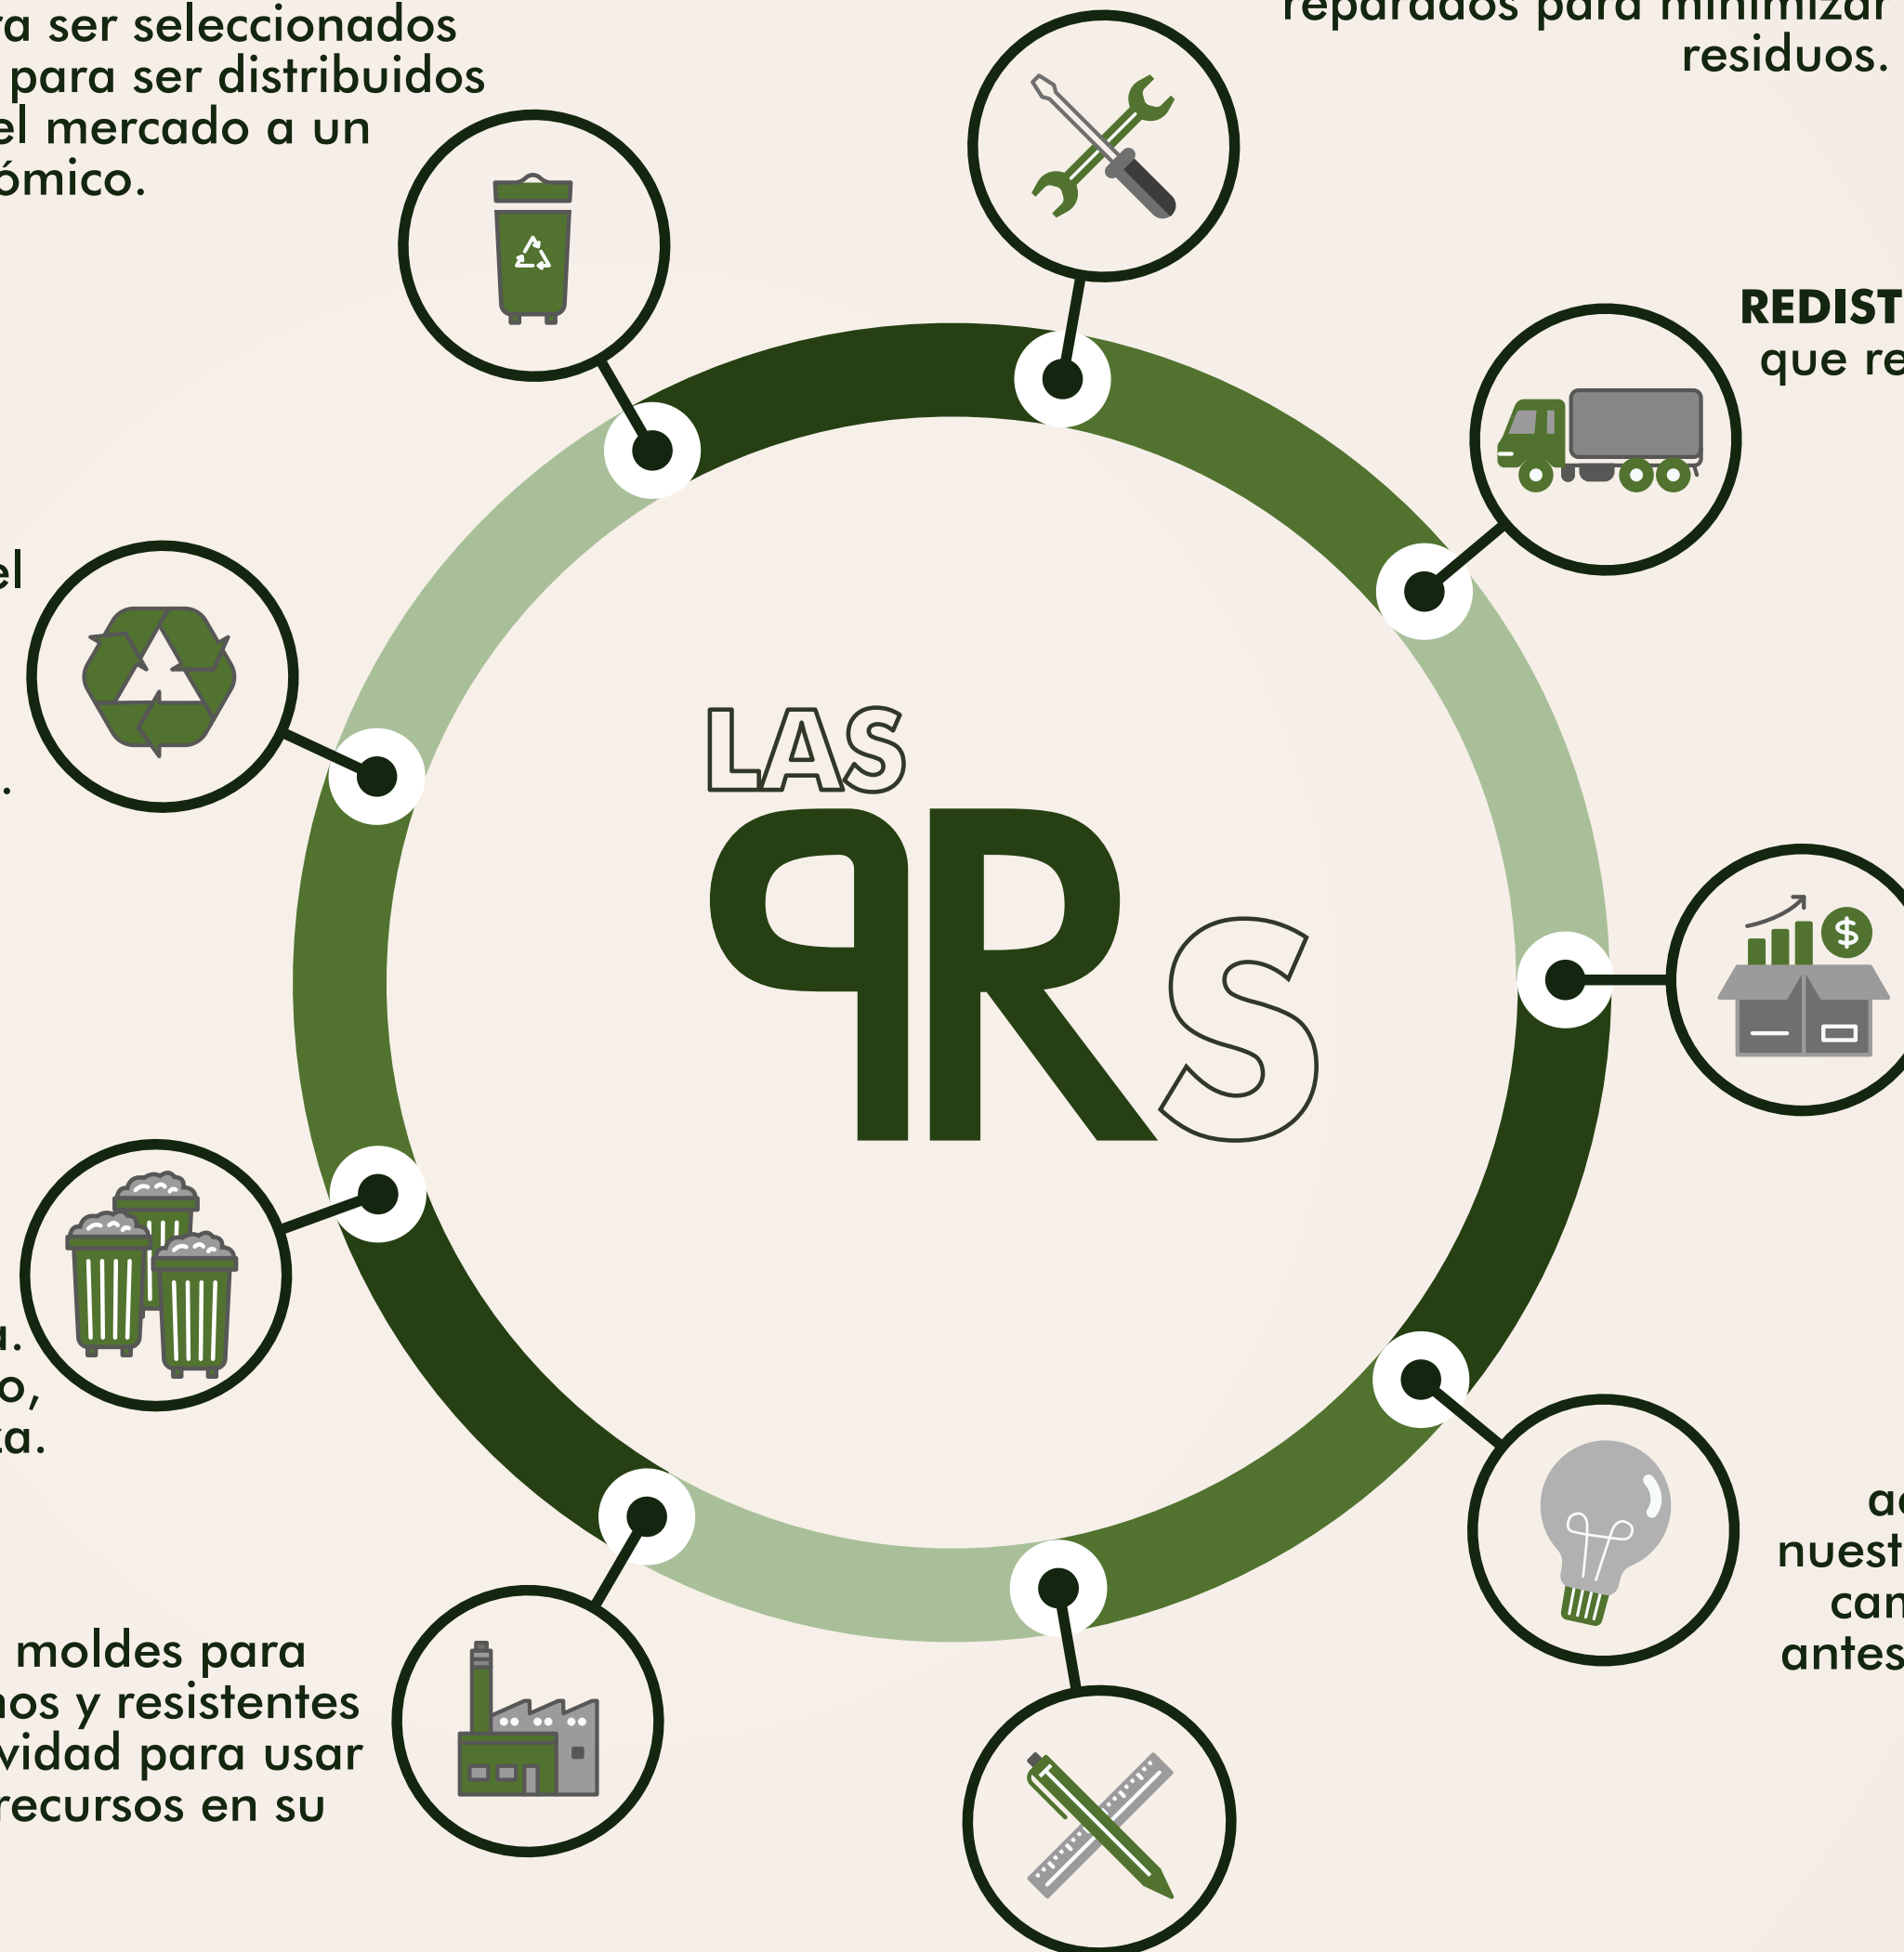

REDUCIMOS el uso de agua y energía y monitoreamos operaciones en tiempo real con tecnología.

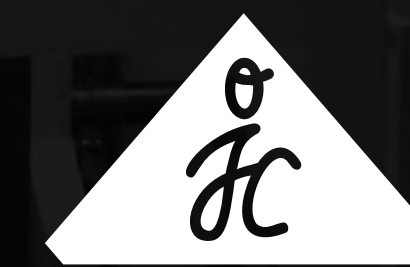

REUTILIZAMOS muchos elementos e insumos principalmente la materia prima. Internamente no hay desperdicio, toda la materia prima se reutiliza.

REPENSAMOS, revisamos y actualizamos continuamente nuestros procesos. En un mundo cambiante, lo que fue efectivo antes puede ser obsoleto ahora.

REFABRICAMOS nuestros moldes para hacer ganchos más livianos y resistentes y duplicamos su productividad para usar menos energía y menos recursos en su producción.

REDISEÑAMOS constantemente nuestros productos y nuestros procesos para hacerlos más eficientes y productivos, esto repercute en el uso de menos recursos
